

**§ 115C-107.3. Child find.**

(a) The Board shall require an annual census of all children with disabilities residing in the State, subdivided for "identified" and "suspected" children with disabilities, to be taken in each school year. Suspected children are those in the formal process of being evaluated or identified as children with disabilities. The census shall be conducted annually and shall be completed by October 15, submitted to the Governor and General Assembly and made available to the public by January 15 annually.

(b) In taking the census, the Board requires the cooperation, participation, and assistance of all local educational agencies. Therefore, each local educational agency shall cooperate and participate with and assist the Board in conducting the census.

(c) The census shall include the number of children identified and suspected with disabilities, their age, the nature of their disability, their county or city of residence, their local school administrative unit residence, whether they are being provided special educational or related services and if so by what local educational agency, the identity of each local educational agency having children with disabilities in its care, custody, management, jurisdiction, control, or programs, the number of children with disabilities being served by each local educational agency, and any other information or data that the Board requires. The census shall be of children with disabilities between the ages three through 21 but is not required to include children with disabilities that have graduated from high school.
